Study Strategy

- Don't fall behind – Learning is work and repetition
- Attend classes
  - Not all material is in textbook or slides
- For each class
  - Read relevant material before class
  - Do suggested exercises before class
  - Same day after class re-read, think, and expand notes

    If you do not reflect on and use the material the same day you forget 50% within 24 hours and 80% within 48 hours.
