

# Grade Forecast for CSE1030

---

Name: \_\_\_\_\_ CSE Username: \_\_\_\_\_

Complete the form below to forecast your final grade. If you do not yet have a mark for a test or assignment, use the grade that you expect to get (based on previous marks, study habits, etc.).

For each test/assignment calculate the mark as a percent, multiply that percent by the weight of that test/assignment, and record the product in the corresponding space below.
