Fall 2013 ♦ Thursday, Sept 12/Friday, Sept 13, 2013

## Checklist for Today

By the end of today, you should...

- be able to login to your EECS account
- Complete the “Intro to Eclipse” Exercises:  
*these can be found in the “Lab Materials” sub-page of the course website*
- Use Eclipse to do these exercises from the textbook:  
Ex 1.6  
Ex 1.16  
*You should create a new app for each exercise. For each one, type in the code into the body of the main method. Compile and/or run the code; use the eclipse feedback to help you derive your answer. Don't hesitate to add in extra println statements to help you trace the code's output.*
