

Are you a 2nd or 3rd year full time student looking for paid internship positions?

You'll be happy to know that the Technology Internship Program (TIP) offers experiential education opportunities to students from the following Honours Degree Programs:

- **Astronomy, Biophysics and Physics**
- **Computer, Geomatics, Software and Space Engineering**
- **Computer Science and Computer Security**
- **Information Technology (ITEC)**
- **Digital Media**

The TIP provides you with the opportunity to engage in **four, eight, and twelve or sixteen month paid internships** where you can apply your classroom learning in a work environment, explore potential career options, and build relationships with colleagues and employers in your field of study.

Register for an upcoming [Information Session](#)!

Visit www.yorku.ca/careers/internships/ contact Himanshi at (416) 736-2100 ext. 44524 or ccintern@yorku.ca for more information.

We encourage you to take advantage of the exciting range of other programs, services and events the Career Centre offers: www.yorku.ca/careers.

We look forward to working with you!
