Preparatory Work : Class Meeting 02 (Wed, Jan 8, 2014)

Task #1

Develop a definition of a **hypermedia system**. It should be one or a few sentences long. Be prepared to present it when asked.
From which source(s) did you draw? (e.g., textbook? Wiki?)
How might the credibility of your source be assessed?

Task #2

Develop a definition of **accessibility**, as it relates to hypermedia systems. Develop a definition of **usability**, as it relates to hypermedia systems.   How do you think these concepts relate to one another? Which of the Venn Diagrams below do you think best captures their relationship?
The definitions should be one or a few sentences long. Be prepared to present it when asked.
From which source(s) did you draw? (e.g., textbook? Wiki?)
How might the credibility of your source be assessed?
