

# Preparatory Work : Class Meeting 03 (Mon, Jan 13, 2014)

---

CSE 4461, Winter 2014

Prepared by: M. Baljko

## Task #1

The World Wide Web Consortium (W3C) is the main international standards organization for the World Wide Web. Determine what this organization's position is with respect to usability and accessibility standards. Summarize your findings in one paragraph.

Be prepared to present your findings when asked.

Document your source(s), using the ACM Reference Format.
