

York CVR Vision Science Summer School

June 1-5, 2015

The Centre for Vision Research (CVR) at York University in Toronto offers a one-week, all-expenses-paid undergraduate summer school on vision science.

The program includes talks by CVR faculty on current research topics in vision science, as well as hands-on experience in CVR laboratories. The curriculum reflects the wide range of research areas at CVR, which includes research on human visual perception, computer vision, visual neuroscience, 3D film, immersive environments, and disorders of vision.

The program will accept 24 undergraduate students who are interested in pursuing a career in scientific research.

The program provides on-campus accommodations and covers transportation costs.

For application instructions and further information, see www.yorku.ca/cvrss.

The application deadline is February 15, 2015.

Questions can be sent to Dr. Richard Murray (rfm@yorku.ca).
