

Software Re-Engineering

EECS 6431

Vassilios Tzerpos

bil@cse.yorku.ca

LAS 3024

Lecture schedule

- Administrivia
- Static fact extraction
- Fact manipulation
- Fact extraction lab
- Design pattern presentations
- Design pattern detection lab
- Design pattern detection
- Software Clustering
- Clustering evaluation
- Program Transformation
- Refactoring
- Research paper presentations
- Research paper presentations

- 10% - Design pattern presentation
- 20% - Research paper presentation
- 10% - Fact extraction assignment
- 30% - Design pattern assignment
- 30% - Software Clustering assignment

- January: Fact extraction assignment
Design Pattern Presentation
- February: Design pattern assignment
- March: Clustering assignment
Research Paper Presentation

Important!

- Ignore the room posted in the schedule!
- All lectures will take place in the Software Engineering Lab (LAS 2056)
