

York CVR-VISTA Vision Science Summer School

June 4-8, 2018

The Centre for Vision Research (CVR) at York University in Toronto offers a one-week, all-expenses-paid undergraduate summer school on vision science.

The program includes talks by CVR faculty on current research topics in vision science, as well as hands-on experience in CVR laboratories. The curriculum reflects the wide range of research areas at CVR, which includes research on human visual perception, computer vision, machine learning, visual neuroscience, 3D film, immersive environments, and disorders of vision.

The program is designed for undergraduate students who are interested in pursuing a career in scientific research.

We provide on-campus accommodations and cover transportation costs.

For application instructions and further information, see www.yorku.ca/cvrss.

The application deadline is March 1, 2018.

For more information write to cvrss@yorku.ca.
