Administrative Issues

EECS4302 M:
Compilers and Interpreters
Winter 2020

CHEN-WEI WANG

Instructor

- How may you call me?

  "Jackie" (most preferred),

  "Professor Jackie", "Professor", "Professor Wang", "Sir", "Hey", "Hi", "Hello"

- Office: Lassonde Building 2043
- Office hours: *3pm – 5pm* on *Mondays* & *Wednesdays*.

  Or by appointments.

- When you need advice on the course, speak to me!
- Throughout the semester, feel free to suggest ways to helping your learning.

- No talking – ***distracting***, ***disrespectful*** to everyone.
- If you feel like talking, please ***leave***.

- In class: core concepts, examples, *your engagement*
- You'd study the ***remaining*** slides/notes on your own.
- Speak to me *early* when you have trouble studying!

Course Information

- Lecture materials will be posted on my website:

  https://www.eecs.yorku.ca/~jackie/teaching/lectures/index.html

- Moodle site: http://moodle.info.yorku.ca/
  - LE/EECS4302 M -- Compilers and Interpreters
    (Winter 2019-2020)
    - Announcement
      Assignment and Project instructions will be posted here.
    - Post questions to the Q & A Forum (no sharing of any code for
      assignments).

- Check your emails regularly!

- Send me an email ASAP requesting access to the course moodle, with your *name*, *student number*, *York Passport ID*.
- Still attend lectures.
- Still complete assignments (no extension) and write quizzes.

Available on the Moodle site.

In-Class Quizzes

- On a bi-weekly basis (in the **first 15 mintes** on Mondays)
- Meant to encourage you to study steadily
-
  Missing a quiz ∧ *Valid Documentation*
  ⇒ *Weight Shifted to Exam*

Study Tips

I attempt to record each lecture entirely:

- *Not meant to be a replacement for classes!*
- The purpose of recording is that you can focus on reaching ***maximum comprehension***.
  - *Ask questions!*
  - Take (even ***incomplete***) notes: they help when re-visiting lectures.

Apply an <mark>*Educational*</mark> Github account (for *private* repositories) with the following format:

- `lastName-firstName-studentNumber`

  e.g., `chenwei-wang-205465208`

- When you submit assignments and project, you may be required to both:
  - Submit to EECS server electronically
  - Commit & Push to your **private** repository

Academic Integrity

The moral code or ethical policy of academia:

- avoidance of cheating or plagiarism;
- maintenance of academic standards;
- honesty and rigor in research and academic publishing.

Pay careful attention to *all* occasions where the submitted work is to be graded and receive credits (i.e., labs, quizzes, assignments, tests, exams).

It is *absolutely not* acceptable if, in any of these occasions, you:

- share your (programming or written) solutions with others;
- copy and paste solutions from elsewhere and claim that they are yours.

- Please approach me (email, in person) as soon as possible, so we can make proper arrangements for you.
- We will work out a way for you to gain the most out of this course!
