EECS3342 (Section E) Fall 2025
Guide to Final Exam
WHEN: 09:00 to 12:00 (3 hours), Thursday, December 11

– This exam is an in-person, written test accounting for 50% of the course grade.

– The exam will take place in **ACW 206**.

– You will be given <u>both</u> a question booklet <u>and</u> an answer booklet.

  • Only answers written in the answer booklet will be graded.
  • The question booklet will include extra pages for sketching.

– You are not allowed to bring extra sketch paper.

1 Missing the Exam?

– If you have a legitimate reason to miss the exam, you must:

  • **Prior to** or **on the day of** the exam (December 11), contact your instructor *for approval*; **and**
  • By the end of **December 12**, submit an exam deferral form to the undergraduate office (`ug@eecs.yorku.ca`) and also forward a copy to your instructor.

– Should your request of exam deferral be **submitted in time** and **approved**, please understand that:

  • It will be an exam that is sufficiently different to ensure fairness.
  • It will take time for this deferral exam to be ready, so if you are allowed to take the deferral exam, the deferred exam will take place at sometime <u>either</u> before the December break <u>or</u> during the Winter semester in 2026.

2   Rules

– Answers must be written in **black** and/or **blue** to be graded.

Answers written in other colours (e.g., red, green, orange, purple) will receive an immediate **zero**.

– **No** calculator is allowed.

– Your mobile phone must be stored in your bag, which should be placed in front of the exam room.

– Only keep the following items with you on the table:

- A **one-sided**, letter-sized data sheet is allowed. There is **no** constraint on the margin size.
  * Contents on the data sheet can be composed of computer-typed and/or hand-written notes, diagrams, and screenshots.
  * All texts much have a font size <u>larger than or equal</u> to 10pt.
    *This text is in font size 10pt, and texts on your data sheet **must not** be smaller than this.*

  Please adhere to the above requirements, or your data sheet will **not** be allowed for use and returned at the beginning of the exam.
- Stationary (e.g., pencils, eraser, ruler)
- Photo ID (YU Card $\lor$ Driver's License $\lor$ Health Card $\lor$ Passport)

  If none of the above-listed IDs is available, you will be **denied** to take the exam.
- Wallet (if you wish)

3   Coverage for the Test

This is a *cumulative* exam, covering **all** study materials. See:

- https://www.eecs.yorku.ca/~jackie/teaching/lectures/index.html#EECS3342_F25
- Lab1, Lab2, Lab3, Lab4

4   Format

– Most of the questions will require hand-written answers (e.g., explanations, justifications, proofs).

– You may be asked to write answers in either the ASCII form (of Rodin syntax) or the math form (put reminders on your data sheet if necessary).

5   Study Tips for the Exam

– Go through the lecture and lab materials to review the concepts and examples. Re-watch parts of the lecture videos if necessary.

– Review the concepts covered in the written and programming tests.

– **Even problems that look <u>challenging</u> at first are built on the same <u>foundational</u> techniques you've learned and practiced in lectures and labs. A <u>solid</u>, <u>reflective</u> grasp of the basics will take you farther than memorizing examples.**
